

FEATURES

- Black textured aluminum
- Available in 1 gang, 2 gang, and 3 gang sizes
- Cable access with strain relief
- Press nuts to mount standard 1, 2 or 3 gang wall plates
- Rubber feet to protect table tops

The RCI Custom Products **SE Series Desk Top Enclosures** are designed to accept standard wall plates.

The units can be ordered in one through three gang sizes. The 16 gauge aluminum material is finished in black textured powder coat. Rubber feet are included to protect table surfaces and cable access with strain relief is also provided.

Units are perfect for mounting volume controls, switches, lamps and control devices of all types.
