

**FEATURES**

- Lightweight perforated aluminum
- Panels flanged on both top and bottom for extra strength
- Attractive black anodized finish
- Offered in sizes 1 RU to 4 RU
- Available individually or in economical 12 pack

The RCI Custom Products **VP Series** Vent Filler Panels are designed to mount in any standard EIA equipment cabinet, allowing for proper air circulation and necessary thermal cooling. Panels are made from perforated aluminum and flanged top and bottom for strength. Standard finish is anodized black.

P/N	Description
